PRESIDENT'S MESSAGE

All of you should have gotten your new 1987 Membership Directory by now. Look it over and see if there is anyone in your area that you haven't met and give them a call. Let them know that the members of The Falcon Club of America are bound together to help each other.

Your National Meet booklet should be arriving in your mailbox in the next week. Take a good look at it and see what a great time everyone had in Wisconsin last year and make your plans now for Colorado. I am sure that The Mile Hi Chapter will be showing us another great meet.

We are taking bids from chapters at this time for the 1989 national meet. This is a good experience for your chapter and can be a good fund raiser, so, if any of the chapters need more information contact me.

Next month will start off the regional meets. Be sure and support these chapters by attending the regionals. They, too, can be a lot of fun.

Some of the chapters still have not turned in a membership roster of their members. This must be done *immediately* (remember, all members of a chapter must be a member of the national).

Have fun at all the meets coming up.

Roy E. Sword
President, FCA

EDITOR'S MESSAGE

It's time to shine up those Falcons and take them to some of these regional meets coming up. Try to make it to one close to your area. You'll be glad you did!

Our calendar of events is filling up for the spring and summer. If your chapter is not on there, please send in your list of activities. This not only interests members in your area but also let's the rest of the chapters get ideas on other activities that could share in or copy for their area. Remember, we are all here to help each other so let's share ideas about our meets and our Falcons.

After your Falcon is all shined up for spring, take a picture and send it to us with a brief story about your favorite car. We need you in the next newsletter.

Got any suggestions or articles for the newsletter. Let us hear from you.

Bill and Kathy Woodell, *Editors*

ATTENTION EASTERN VIRGINIA MEMBERS

A proposed Eastern Virginia Chapter is being formed. Those interested are asked to contact Ron Wilson, 212B Harris Ave., Langley AFB 23665. Phone 766-1895.

MEET REPORTS

The Greater Bay Area Chapter

The Greater Bay Area Chapter met on March 1. Thirteen members were in attendance. There was a slight modification in the format for future meetings. It was decided that an executive committee would meet and consider items, then bring them to the whole group. This would free up time for a "Tech-Session" and car of the month presentations. These changes were designed to liven up the meetings.

MEET REPORTS (Con't.)

The Mile Hi Chapter

The Mile Hi Chapter met at a USA Fast Lube business owned by member Fred Pfaff. A good turnout for the evening and outlines for events during the year were discussed as well as the national meet plans. Board meetings will be each month at the home of Pres. Ron Brown, unless otherwise notified, and regular meetings quarterly with special events mixed in. The Tri-State Auto Show will be held at Currihan Convention Center March 5 - 8 and Ron Brown's 63 black hardtop will be the chapter's contribution to the show since only one space is allotted. Rich Adkins is in charge of arrangements and set-up for our entry and will be coordinating parades and events during the coming year. Barbara Sparks was recently elected to serve on the Board of Directors, filling the vacancy left by Paul Garrigan. The Chapter is steadily growing in size and as of Feb. we now have close to 40 paid memberships.

The Mason-Dixon Chapter

The Mason-Dixon Chapter met Feb. 7 for an annual dinner. 27 members and 4 guests were present. One of the guests was Tom Hearn from Winners Ford in Newark, DE. Mr. Hearn held a question and answer session on any problems the members might be having with their Falcons. Several meets are planned in the near future (see calendar for dates) and we are excited about the local Ford dealers getting interested in Falcons again and supporting our club. We hope the FCA members will help us put on a real good display of Falcons at these meets.

The Founder's Chapter

The Founder's Chapter met at Mr. K's Restaurant in Benton, AR Saturday, Feb. 28, 1987, for dinner and a meeting following. Nineteen were present. Several members will enter their Falcons next weekend in the Pulaski County Car Dealer's Show in Little Rock. The WW Ford Show in Searcy will be Saturday, April 25 and the next weekend, May 2, the club will be in Paragould for a joint meet with the Dixieland Chapter and the Hudson-Essex Terraplane Club. All members are urged to attend these events.

MEMBER NEEDS HELP?

I am taking my Falcon Sprint to the Bonneville Salt Flats, Wendover, Utah (approx. 120 miles West of Salt Lake), the last week in August and would like assistance from interested Falcon members to help me. Any volunteers?

This will be a speed record attempt and the car is expected to achieve a speed in excess of 170 m.p.h.

If interested please contact Gordon Brown, 500 Mississauga Street, W., Orillia, Ontario, Canada L3V3C6 (705) 326-5915.

LIMERICK CONTEST WINNER DRIVES PRIZE FOR 24 YEARS

Submitted by Richard Cartwright, Arlington NE

Reprinted from Home & Away Nov./Dec. 1985

*The magic of the Crossroads
Is found in every store
It's so easy to park
That shopping's a lark
It's just like living next door.*

Twenty-four years ago, those lines won Jan Swotek of Omaha a new 1961 Ford Falcon Futura. Nothing too unusual about that except Swotek has driven the car every day for 24 years.

The limerick contest won was held in August 1961 as a promotion for the year-old shopping center.

"The contest was very timely for us," Swotek said. "Shortly after the competition was announced, my husband, five-month-old son and I were riding home from church in our 10-year-old car when it began making terrible noises. We parked and walked home from church carrying the baby.

Later that day, she saw the first two lines of the limerick printed in the paper and spent the next few days thinking up lines to finish the jingle while she ironed and worked around the house.

Swotek sent in four or five entries. They called her a few weeks later telling her she won the car. The Falcon was presented to Swotek in a ceremony at the Crossroads. The grand finale came when the family climbed into the car and drove out of the shopping center.

The Falcon Futura was their sports model complete with red vinyl upholstery and bucket seats (a novelty in those days). However, it didn't have a radio, air conditioning or automatic transmission. "I usually took a battery-operated radio," Swotek said. "If I had known I would keep the car so long, I would have added a radio and air."

"It has been the most trouble-free, economical car I could have had. I don't know if it's a classic or an antique yet but it sure is a 'good old car'."

The Swotek's took the car to California the first year to break it in, but mostly, the car has been driven around town to haul kids to school, scouts, the swimming pool, Little League—the usual stuff, she said. "It always had a lot of kids in it."

Swotek hasn't had any major repairs on the car. However, intermittently over the last 24 years, the car horn honked without being touched and the passenger-side window fell down.

"One day, my neighbor took her car in to be serviced," Swotek recalled, "an she asked me to follow and give her a ride back home. My horn beeped a couple of times and she turned around and waved. A block further, it beeped again; she waved again. It continued to beep all the way to the service station and my neighbor began to look a bit irritated. When we got to the service station and she walked over to get in my car, I explained, 'My horn just goes off now and then.' She said maybe it was another Herbie, the car with a mind of its own from the movie, *The Love Bug*." Then she got in the car and slammed the door—the horn honked and the window fell down!

Swotek has been a member of AAA for all the 24 years she has owned the Falcon but only needed to call the motor club twice for assistance.

Swotek's neighbor once told her it worried him to death every time he saw her leave in the car for fear she would get a dent in it. He told her she should keep it in a safe place.

Not a month goes by that Swotek doesn't get offers for the car. "I've had people run across the parking lot to ask me if I would consider selling the car. Carry-out boys at the supermarket are always interested in the Falcon; most of them have never seen a car like this one."

Swotek's sons, Ed, 24, and Jeff, 22, have always taken a big interest in the car. A few years ago, they bought her new seat covers that matched the original. For her Christmas two years ago, they had the Falcon painted. "It looked brand new," Swotek said.

Swotek said she is from the "if it's not broken, don't fix it" school. As long as it ran well, she didn't see any reason to replace it. However, her new job as admissions counselor for adults at the University of Nebraska at Omaha requires a lot of highway travel, so she recently broke down and purchased a 1985 Chevrolet Cavalier.

"I really don't know what we're going to do with the Falcon," Swotek said. "The boys don't want me to part with it. It has been so much a part of our lives. If I did sell it, I would want it to go to someone who would give it tender loving care—someone who would appreciate it as much as I have."

FEATURE FALCON

This is my 65 V8 Falcon Ranchero under 18 inches of snow. We have had 3 other storms and now have over 3 feet of snow in some places. There are 26 other 64 and 65 Falcons in my yard and I have four more that are not home. One is my 64 Sedan Delivery that is in a body shop. The others will be here as soon as the snow melts a little.

Mike Mulhare, 556 Shawsheen St., Tewksbury, Mass. 01876

"I can't go out of the yard if there is snow on the ground."
